PEARL HARBOR DREDGING.

The dredging of the Pearl Harbor bar during the season of storms seems to be a fermidable task for the machinery in hand. The case, however, is by no means hopeless. Other bars in heavier seas have been cleared away and even the mighty flood of the Mississippi has been subjected to the Eads harness. whole matter seems to be one of relative power. Given a large enough dredging plant and ponderous enough German craft, owing to the fact th machinery and the Pearl Harbor bar north of the equator in this hemisphe will have to succumb.
